The Madison Museum of Contemporary Art Welcomes One and All to the 67th Annual Art Fair on the Square

On behalf of MMoCA's Board of Trustees and staff, welcome to the 67th annual Art Fair on the Square! We're so glad you're here. This event is not only one of Madison's most cherished summer traditions—it's also our largest fundraiser of the year, and your presence helps make everything we do at the Museum possible.

Art Fair on the Square is unique in that every artist keeps 100% of their profits, so your support goes directly to the creatives who bring this event to life. This year, we're introducing some exciting additions: a new beer and wine garden in partnership with Working Draft Beer Company and Square Wine Co., an after-hours Muse event on Saturday night, music events all weekend long on the Isthmus Stage, intergenerational art-making activities at the Incredible Bank Kids' Area, and the return of our Emerge Block for rising artists. You'll also find sponsor booths and a gift map designed for visitors shopping on a budget.

Whether you've come for the art, the music, or the joy of being in community, thank you. Your participation is what makes Art Fair on the Square so special.

ABOUT MMoCA

The Madison Museum of Contemporary Art is always admission-free. Its vision is to be an organization that fosters the exchange of ideas and creates experiences that will inspire a wide audience; be a nexus for the work of emerging and established regional, national, and international artists; serve as a catalyst for the continued development of a vigorous community of artists; and provide a forum that will encourage people to be challenged by, reflect on, and make connections between art and the world around them.

Museum exhibitions and most education programs at MMoCA are free to the public.

DAN WIEMER

MMoCA selected Dan Wiemer as the Featured Artist for the 2025 Art Fair on the Square. The featured artwork, *Yellow on Blue*, is an acrylic and watercolor painting on paper.

ARTIST'S STATEMENT

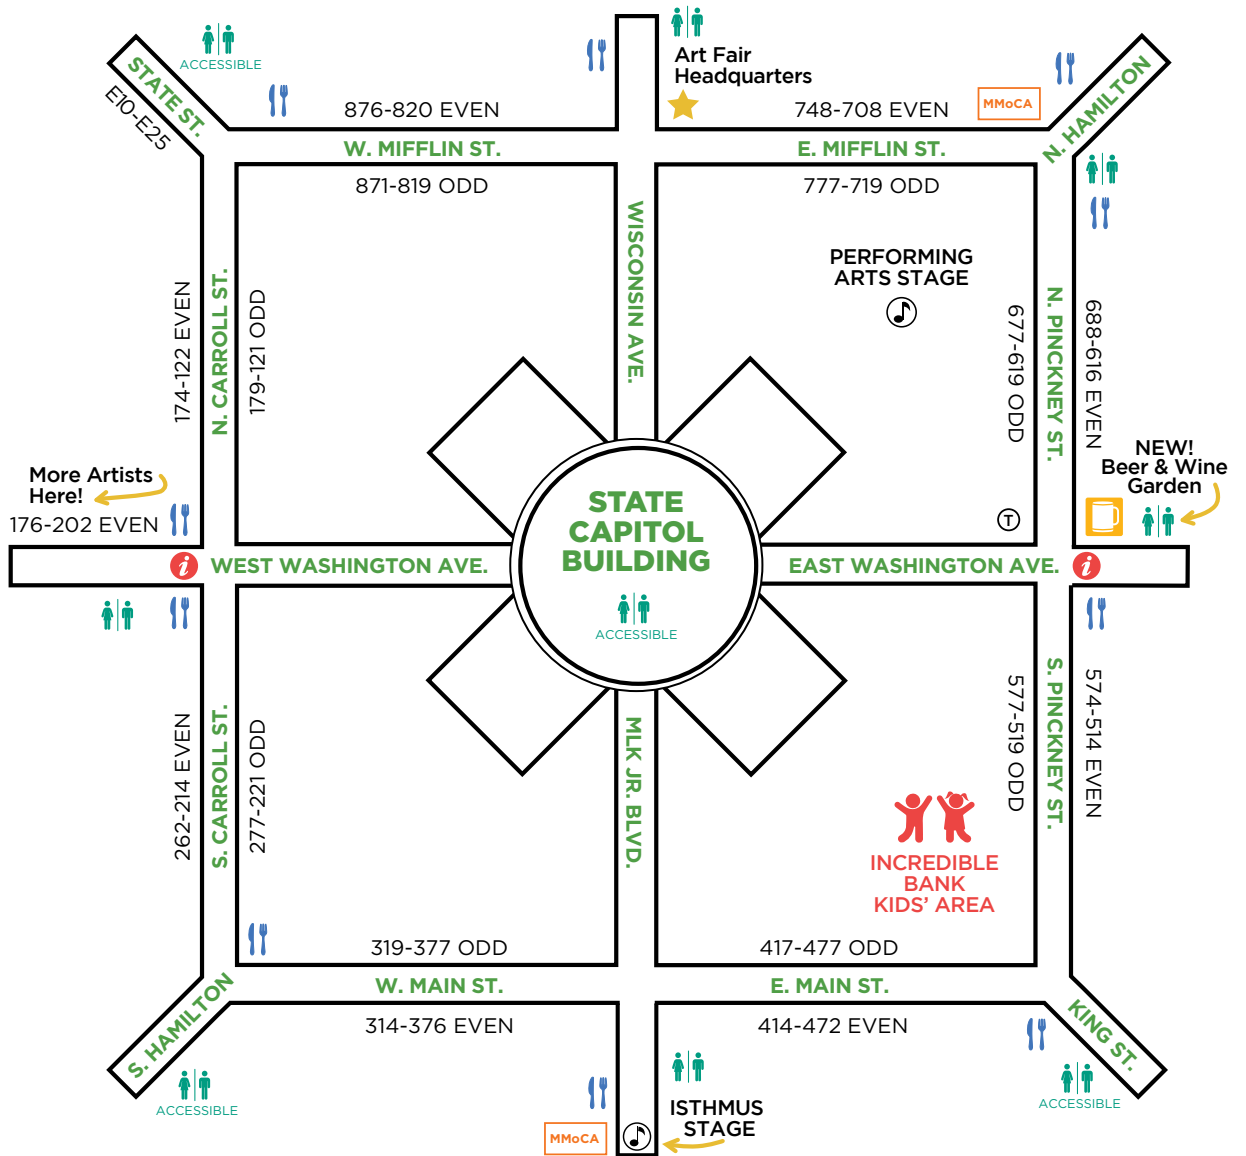

I am obsessed with design, negative shape making, and the ruggedness of the North. These obsessions led me to study Canadian painters, most notably Tom Thomson and the Group of Seven, who worked primarily in the early 1900s. The illustrative style is personally relatable to me. Their career paths evolved from graphic designers to illustrators to painters. This has been my path as well.

Finding rhythm in the landscape has become a hallmark of my work. Rhythm to me is connecting highlight shapes with linked shadow shapes in an interesting way that creates movement and pathways for the eye.

My technique uniquely combines opaque acrylic with transparent watercolor that stylizes the landscape and is influenced by printmakers and batik artists. Their approach to creating negative shapes is similar to how I construct and distill my scenes.

Painting on location and in the studio are different experiences and bring different perspectives to my work. Over the years, I've leaned toward studio work where I can more easily design and abstract the scene, and this has led to my distinctive style.

Dan Wiemer is based in Red Wing, MN

She holds an MFA from the University of Wisconsin-Madison and specializes in oil painting on MDF, while also working in printmaking, encaustics, drawing, and digital media. Fasse has taught at MATC and UW-Extension, served as Assistant Manager and Book Buyer at the Madison Art Center (now MMoCA), and leads MMoCA's popular "Drink and Draw" sessions. She has juried for Wisconsin Visual Arts, the Wisconsin Watercolor Society, and the Spring Green Arts Festival.
