The Madison Museum of Contemporary Art Welcomes One and All to the 68th Annual Art Fair on the Square

The Board of Trustees and staff of the Madison Museum of Contemporary Art are excited to welcome you to the 68th annual Art Fair on the Square!

This year is special as we celebrate the Museum's 125th anniversary. Founded in 1901 as a free resource for Madison, MMoCA has always believed that art should be for everyone. For over half of that time, Art Fair on the Square has been a kind of civic front door—welcoming tens of thousands of people each year to Capitol Square to share in art and community. Today, the Fair is both MMoCA's largest fundraiser and a strong reflection of our mission.

Art Fair on the Square is special because every artist keeps 100% of their sales. That means your support goes directly to the people who make the work. At a time when funding for the arts is very low—and in a state that often ranks last in the nation for public arts support—choosing to buy and live with art is a powerful way to help. The Fair also helps us support more artists and a wider range of creative work, thereby expanding our reach beyond the walls of the Museum.

This weekend is one of the highlights of Madison's summer—a chance to see how art brings people together. As you explore, we hope you'll take time to meet artists, enjoy live performances, and spend time with friends and neighbors. Be sure to stop by the Lake Ridge Bank Beer and Wine Garden to enjoy refreshments created by Executive Chef Elena Terry, whose restaurant Tall Grass will open at the Museum this fall.

While you're downtown, we invite you to step inside the Museum. This summer's exhibitions, inspired by our permanent collection, reflect decades of care and stewardship. The collection is held in public trust for all Wisconsinites. Supported in part by the success of the Fair, it is, quite simply, yours.

Whether you've come for the art, the music, or the joy of being together, thank you. Your presence is what makes Art Fair on the Square so special.

ABOUT MMoCA

The Madison Museum of Contemporary Art (MMoCA) is an independent organization that exhibits, collects, and preserves modern and contemporary art to provide transformative experiences that educate, reflect, and inspire us as individuals and a community.

MMoCA fosters the exchange of ideas and creates experiences to inspire a wide audience. It is a nexus for the work of emerging and established regional, national, and international artists, serving as a catalyst for the continued development of a vigorous community of artists and provides a forum encouraging people to be challenged by, reflect on, and make connections between art and the world around them.

Designed by world-renowned architect César Pelli, the Museum offers 51,500 sq. ft. of interior space, as well as the 7,100 sq. ft. Rooftop Sculpture Garden. Public amenities include spacious galleries that host rotating exhibitions, a 230-seat lecture hall, and a study center for drawings, prints, and photographs.

MMoCA presents lectures, discussions, tours, and educational programming free of charge at the Museum. Additionally, MMoCA partners with regional artists for the bi-annual Gallery Night, provides a mobile art classroom to the region, and transforms downtown Madison for the annual Art Fair on the Square.

Museum exhibitions and most education programs at MMoCA are free to the public.
